I live in a detached house in the suburbs of Warsaw, the capital city of Poland. There is a big and beautiful garden around the house. We also have a big garage for our cars.

On the ground floor there is a kitchen where I cook the meals. I love baking so I use my oven very often. The cupboards in my kitchen are white. I have a big living room where we often sit and watch TV or talk. There is a comfortable sofa , two armchairs and the coffee table in the middle of the room. Opposite the living room there is a dining room where we usually have dinner together. On the first floor there are two bedrooms and one bathroom . In my bedroom there is a big bed in the middle of the room with two bedside tables. In the corner there is a wooden wardrobe where I keep all my clothes. When the weather is nice you can go out from my bedroom straight to the balcony and enjoy the surrounding view.
